## Natural forms inspire show

LANDSCAPE, figurative and floral works form the backbone of an upcoming exhibition in Wodonga.

Albury designer Alison Percy's third solo exhibition - Drawings and Paintings Exploring the Land, the Figure and the Flower - will open at GIGS Art Gallery on September 6.

Percy said she was inspired by a curiosity of her surroundings and of natural forms across figurative, landscape and floral subjects.

"My work reflects a fascination in the balance and sensitivity of fluid line," she said.

"A quiet energy is felt during mark making, allowing the work to take on a layered and reflective journey."

**FLORAL STATEMENT:** Wattle blossom and loquat branches is among the works in Drawings and Paintings Exploring the Land, the Figure and the Flower.

Her imagery is formed using ink, charcoal, acrylic paint, soft pastel, graphite, watercolour and oil pastel onto canvas and paper.

The exhibition officially opens September 9 and runs

until October 2 while a Meet the Artist event will be held on September 10 from 10am until noon.

GIGS is open Tuesday to Sunday, 10am to 4pm.
